

Dylan, Autumn, Amanda, Myah, Tyler, Echo: Thanks for making my years in high school fun and exciting. You guys are some of the best friends I ever could have asked for. I love you guys!

Prasan: I've know you for three years and we've been dating for two now. You've become my rock over the years. I at first loved you as a friend but then it slowly over time grew to something more. I'm sorry for getting you into One Direction and 5 Seconds of Summer but it's pay back for you getting me into country. I love you more than words can explain and I can't wait for many more years with you.

Samantha: You've been my best friend through it all. I've never had more in common with anyone. Your family might as well be my second family. My home away from home. Thank you for always helping me and being there for me. I love you like a sister!

One Direction: Thanks for the memories and the best five years of my life
